

March 2023

Dear Friends of Banner,

As you may have heard The Banner School is excited to be moving from our current location to a new location on Dill Avenue in downtown Frederick. We are thrilled that this new location will allow us to become even closer neighbors with the wonderful downtown community.

The Banner School is the only non-profit, non-sectarian, co-educational independent day school in Frederick County (for ages pre-k through 8th grade) and we are exceptionally proud of our STEAM driven educational program. We are also very pleased to be able to offer financial aid to a greater number of students than any other independent school in the area. To enable us to keep offering this level of educational excellence to the children of Frederick, we rely on various types of fundraising activities throughout the year.

For our next fundraising event in a couple of months, we are hosting our 34th annual auction and are reaching out to you and our other neighbors in downtown Frederick to help us make this event a success.

We would be grateful if you would consider donating something to this auction. We are looking for gift certificates and local experiences or small products from local businesses. Donations are key to our silent auction and will provide not only excitement in bidding but are also a great opportunity for your businesses to receive local publicity and social media advertising. As a bonus, donations are also tax deductible, as the Banner School is a registered 501(c)(3) non-profit entity.

Funds raised through this spring's premier event will help us to embark on our next 40 years of providing educational excellence to students in Frederick County.

Every donation, large and small, is greatly appreciated and will have a special place in the auction. Please contact me via phone or email with any questions (240-449-0545, or miser@bannerschool.org).

Thank you for your consideration and generosity.

Sincerely,

Michelle Iser

Auction Chair, BSPO President, Board of Trustees Member
